WELCOME TO 2018 A NEW GARDENING YEAR!

January and February are seldom good months to garden, though on the occasional 'nice' days, pruning and cleaning scruffy plants keeps things going, and saves time later.

But it is still a good time to plan. Plan any changes to your garden, any clearing or replanting. Make space for some new plants...

The new 2018 spring catalogue will be sent out by mid-February. However, a much wider range including those in the catalogue can be accessed immediately on [our nursery website](#).

Ordering great plants for your garden from Bressingham has never been easier!

THE WINTER GARDENS AT BRESSINGHAM

The highly acclaimed Winter Garden and Foggy Bottom will be open for visitors from the 12th February until 27th March 2018. The 'full' open season including the Steam Museum begins on 28th March.

Come to be inspired! Enjoy a walk through some spectacular plantings, and take home some ideas for your garden.

[Check our website for details](#), or if you can't make it to the gardens, why not enjoy a [video tour with Adrian Bloom?](#)

The Winter Gardens at Bressingham

Opening from 12th February to 27th March 2018

(the full 2018 Steam Museum and Gardens season begins on 28th March).

The highly acclaimed Winter Garden at Bressingham is featured in a new book by Cedric Pollet (see 'The Perfect Gift for Gardeners at Christmas'), but of course it is even more spectacular in 'life'. With Foggy Bottom also open and our 'Snowdrop Trail' even more impressive every year, visitors will be in for a treat. Why not join Adrian Bloom's video tour of the winter gardens via our website www.thebressinghamgardens.com

"Exceeds all expectations. All gardeners should come here before disappearing into the great island bed in the sky." – Margaret, October 2017

Please refer to our [Visit Us](#) webpage for details on possible weather restrictions if snow or waterlogged conditions

EXHIBITION OF ART INSPIRED BY THE BRESSINGHAM GARDENS

Artwork inspired by views, plants or wildlife of The Bressingham Gardens will be on display in the High Barn as part of The Bressingham Gardens 2018 Art Competition.

The prize giving will be held in the High Barn on the Sunday 9th September at 5pm. The winner will receive a free 3-night stay for family and friends at Bressingham Hall!

Please view the [Art Competition](#) webpage if you would like to enter.

NEWS FROM THE GARDENS...

From the ground to the heights ... the delights and decisions of the gardens.

Dan the young tree surgeon (right), sawing off the last branches of *Cedrus atlantica* 'Glauca' planted by Adrian Bloom 40 years ago in the summer garden. This tree unfortunately lost some limbs in recent storms and was considered a danger to visitors, so had to come down. It is an annual plan to thin out certain trees, in Foggy Bottom in particular.

All photos by
Richard and
Adrian Bloom

A photograph taken by Adrian on his phone (left) showing a wonderful clump of – perhaps the king of snowdrops – *Galanthus* 'S. Arnott'. From one clump, also about 40 years ago, there are now thousands of this snowdrop planted in the gardens. Why not start your clump now?
